Said In Cypress

That upwards of 400 persons in Orange county were reminded of the importance of Cypress in the county picture when sincere tribute was paid Mary and Jim Bryant for their airpark, one of the seven important airfields in the county. Speaking at the dinner at Orange county airport which climaxed aviation week Tuesday evening, Dr. Karl Brigandi also had nice things to say about Mary Ann Jengtes, the local candidate for queen, who was hostess last Saturday at the airpark to a gratifying number of visitors, both by air and by land modes.

That we were most impressed with Bill Odom's description of his record-making flight from Honolulu to New York, and felt that Orange county's Bill Barris need not take a back seat to anyone for public speaking.

That when the famous inventor and flyer, Glenn L. Martin, described his vision of the future for small airparks, we felt he'd taken a page right out of Jim Bryant's diary. Cypress may well be proud of the progress made right at home.

That the Enterprise enjoyed the novelty of a social editor last Saturday night at the firemen's dance. Editor-for-a-night Betty McKee reports that the beautiful orchid worn by Melba Fernandez was in honor of the fourth wedding anniversary of the visiting couple from Long Beach. Mrs. Fernandez and Mrs. "Sandy" Sanders, Jr., are sisters. For further society notes, consult Mrs. McKee. Which only goes to show how much fun everyone had who attended the affair.

That we thought it was funny. A driver of an automobile pulling out from Robinson's Hancock station asked us where he could buy a cold drink of fresh orange juice. As he drove away, we noted that the license plates indicated he was from the peach state — Georgia.

That there are so many things going on all the time we have as yet been unable to attend a ball game of the Cypress Merchant's team and see Catcher Minner in action. You guessed it. He wears the jersey which represents us.

That it seems we walked into Henry's drug store the other day just when Uncle Miles Bever's knife slipped as he was kneeling at his work. He thought we had overheard his underbreath remark, as we kiddingly inquired why he didn't say his prayers before arriving at work! We still drool over those beautiful solid mahogany cabinets being refinished along the walls and insist they are too beautiful for a mere place of business. When the drug store is ready for the grand opening, you can just bet it will be in shining order.

Meet In Alamitos To Discuss Plans For Civic Center

Nineteen persons representing seven organizations in the community attended a meeting held in the school house Wednesday evening, instigated by the chamber of commerce. The purpose of the gathering was to get the reaction of the various members regarding the buying of property and the erection of some kind of a community center.

Cleo DeWitt, vice-president of the chamber of commerce, presided and Mrs. Grace Johnson assumed the duties of secretary.

All were enthusiastic about the project and a committee was appointed to inquire into the cost of a lot, which will be located in a newly laid out subdivision on Los Alamitos Boulevard, and the cost of building materials. A report on the findings will be made at the next chamber of commerce meeting on June 2nd.

Named as chairman of the committee was Roy Wright. After it is learned how much money will be needed to start the project, plans will be made for a fund raising campaign.

LYNN AND MRS. LYEN HAVE BUSY TWO DAYS

Enjoying a little holiday, Mrs. Madge Lyen and her son Lynn breakfasted on Saturday morning in Laguna Beach with Mrs. Miona Seymour, then spent the remainder of the day in Tia Juana. Staying overnight in San Diego, they took the opportunity on Sunday to visit the zoo in the morning, later being guests at dinner of Mrs. Bessie Truehart, former trouper and now director of the Henry George School of Social Science. Late afternoon found them in Capistrano Beach for a chat with Mrs. Lyen's friends, Doug and Lola Couden. School children will remember the entertainment in assembly for which they were responsible this year.

Boy Scouts In This Community Need Support In Special Services

PEGGY FLYNN CHOSEN FOR LEADING PART

Peggy Flynn, has been chosen "Miss Statue of Liberty" from the eighth grade of the local elementary school to represent the Cypress Boy Scouts in a national movement called, "Strengthening the arm of Liberty." The boy scout program, under the direction of Scoutmaster Jack Kepner, has reached a point where a charter may be received and a few of the group's most solemn ceremonials presented. Other parts on the program, besides a movie, include a troop investiture service and the advancement of awards.

These impressive rites will be performed by the boy scouts at 7:30 o'clock Sunday evening, June fifth in the school auditorium.

BUSY BUILDER STILL BUILDING

Although the four-unit store building on Lincoln avenue recently constructed by A. E. Arnold is finished, "Pat" does not give in easily to idleness. Employing the services of Carpenter "Bill" Davidson, he is now in the process of building an addition on the Robert Hoyt property at 9032 Walker street, which will be used as a bedroom.

On his own lot on Bishop street, improvement is being made with the construction of a 20 x 30 double garage. The R&G Ready-Mix completed pouring cement this week for a cement slab floor. The former garage will be outfitted for a convenient utility room, to save steps into the house when enjoying the use of the patio and garden.

Arnold expects to attend his class reunion in Perris. It will be the first time he has been present in 20 years.

MILK PRODUCTION IN COUNTY IMPROVES

In the last twenty-five years the efficiency of our dairy herds in Orange County has increased 41%, said W. M. Cory, Assistant Farm Advisor. In 1923 the average milk production was 4052 quarts of milk and in 1948 this had been increased to 5720 quarts of milk per cow. If we had no more dairy cows in the county than were here in 1923, we could be producing 1668 more quarts of milk than we did then.

This increase has been accomplished, said Mr. Cory, by the adoption of better feeding practices, raising replacement stock from higher producing individuals and by the elimination of diseases from our herds.

Undoubtedly, in the next ten years we will see an additional increase in average milk production.

GRANDDAUGHTER ARRIVES AT "C" THOMPSON HOME

The "C" in "C" Thompson's name has new significance this week, because there is really something special to "see" Thompson about. A girl was born to Mr. and Mrs. Joseph Kurtz at Seaside hospital last Friday night about ten-thirty o'clock, whose name is Nanette Lola. Little Miss Kurtz weighed 7 pounds and 5 ounces. Mrs. Kurtz is the Thompson's only child. Although the Thompson's conduct the variety store at 5951 Lincoln avenue, both families reside at 5720 Tilbury, in Lakewood.

PLAN RITES IN SCHOOLHOUSE JUNE 5

The Boy Scout troop no. 76 of Cypress, which is sponsored by the local post No. 9847 of the Veterans of Foreign Wars, has progressed rapidly since its inception a few months ago.

In order that the public may have an opportunity to learn what goals the boy scouts have attempted to attain during their brief period of organization here, an open ceremony is planned for Sunday evening, June fifth, in the school auditorium. The invitation is extended not only to parents and close friends and relatives of the participants, but to the general public in and around the Cypress area.

There were twenty-two scouts present when troop 76 met for its regular meeting on Monday evening in the scout cabin. Much interest was shown in the discussion of the coming "charter presentation." Scoutmaster Kepner and the VFW committeemen feel that the organization is making good progress and joined with the scouts in welcoming two new members, Ralph and Henry Mason. The average enrollment recently has been at the rate of one new scout each week.

The boys have been busy as patrols have undertaken cleaning projects. The most recent was at 5562 Vonnie Lane. Wayne Martin, Walter Beuck, and Ronald Garrison did a good turn helping with the yard work there.

SARTWELL'S DRILL EXHIBITED AT HOBBY SHOW

If it's a hobby, it will be shown at the California Hobby show now in session in Los Angeles at the Shrine convention hall, 700 west 32 street. Outstanding among display objects will be model railroads, ceramics, stamp and coin collections, and a myriad of other items.

Earl Sartwell's gem drills, which he invented are being shown by Gordon's Lapidary supplies, of Long Beach. Both models are on exhibit. The show will continue through May 31 from one o'clock to 11 p.m. daily.

FRANK NOE WINS SCHOOL ELECTION

According to the returns of Friday's election for school trustee of the Cypress elementary school, 310 votes were cast with 220 for Frank Noe and 88 for Jake Van Dyke.

The latter was appointed on April 3 by Linnton Simmons, county superintendent of schools to fill the vacancy caused by the resignation of M. E. Penhall, who was elected to the board in May, 1937, and took office July 1, 1936. He was for several years president of the board.

Dan Mackay is the secretary of the school board, A. E. Arnold, president, and Miss Elizabeth Dickerson, district superintendent.

The tax assessment which was presented also at Friday's balloting was approved by a vote of two to one. However, it lost in the county as a whole.

Free Instructions At Square Dance

Cypress people planning to go to the Community Club square dance June fourth in the new hangar at the Cypress Airpark are a determined lot.

With the popularity of square dancing increasing in this section of the country, many folks have been looking for a chance to learn the steps, and Community Club members point out the fact that their dance is the ideal place to learn.

Long Beach's Harry Miller, popular square dance caller, has agreed to bring a few instructors with him for an early session of instruction for beginners. That will be held at 7:30 and anybody interested in learning the steps is urged to be present at that time.

Tickets for the dance are on sale at most business houses in Cypress or from Community Club members. The price is $1.50 and includes chances on many attractive door prizes for both men and women.

V.F.W. BINGO TONIGHT

Another Friday night Bingo party will be held by the members of the VFW Post No. 9847 tonight at eight in the club room at Lincoln and Miller.

Many attractive prizes are being ofered at the Friday night sessions says Commander "Happy" Kreissler, with several winners for the evening.

Last week's outstanding winners were Mr. and Mrs. Carl Markel.

"MISS V.F.W." Candidate to be at the World's Championship rodeo at Huntington Beach Stadium Sunday, May 29, is LaRue Gaines, representing the John Robert Booth post of the Veterans of Foreign Wars. Orange County V.F.W posts are sponsoring the huge benefit rodeo to raise funds for veterans relief and child welfare activities. Among the star contestants will be Gene Rambo, present holder of the coveted World's Champion All-Round Cowboy title. (Ken Wyman Photo.)

The greatest tribute we can pay those Americans who have died for our country's freedom is to approach the future with courage, confidence and determination to keep alive our individual freedom..drawing hope and inspiration from their example.

FIRE PERMITS

Several grass fires have occurred lately in which the people involved did not have fire permits. Fire Chief Pat Arnold warns that serious consequences can arise from this violation since reports of the fires must be sent in to state officials.

H. E. Lucas Hurt Severely In Home Accident

Well-known in this area, H. E. Lucas, the father of Mrs. E. L. McWilliams, suffered a serious accident Monday morning. Trimming a hedge which decorates the yard of his home in Los Alamitos, he miscalculated the distance necessary to jump from the rung of the ladder he was using. The fall was in such a way as to cause five breaks in the ankle bone.

It was with extreme pain that he was able to inch his way along a route from the front of the yard to the house and finally to place a call for help from a wall telephone. An ambulance was dispatched at once.

The visit to Anaheim community hospital is his third since the first of the year. His many friends are hoping for a complete recovery as soon as possible.

ANNIVERSARY DINNER HONORS LEO DUNNS

Mr. and Mrs. Ralph Borley and Mr. and Mrs. Leo Dunn were among the members of the Outboard Motor Club of Long Beach who spent Friday, Saturday and Sunday fishing at Ensenada and report a very enjoyable trip.

Mrs. Borley landed a 42-pound white sea bass which served as the main course of a dinner held on Tuesday night in the Borley home, honoring the 25th wedding anniversary of the Dunns.

Many lovely gifts of silver were received by the celebrants. Guests were members of the two families.

TEEN - CANTEENERS ENJOY BEACH PARTY

Being transported in two trucks, teen-canteen members enjoyed a change from the routine socials during the past few weeks with a party at Huntington Beach last Saturday night.

It is permissible for a fire in this area, and great use was made of one for the preparation of sizzling hot dogs. These, accompanied with potato chips, pickles, and all the trimmings dear to the hearts of youth, filled a definite need.

About two hundred young people were accompanied by Stan Doerr, Messrs. Golman and Dewell, members' fathers and Marion Precie.

Public Welcome at VFW "Fun Show" Saturday Night

A free entertainment is slated for this Saturday evening at 7:30 in the Cypress school auditorium. Under the auspices of the Cypress Post No. 9847 of the Veterans of Foreign Wars, it will feature a movie and an exciting program by Faulkner, the magician.

Being planned to please the whole family, a good attendance is sought. Feature of the evening will be the grand drawing for the beautiful Westinghouse television set the post is giving away.

The proceeds from the Saturday evening event will be used to add to the group's building fund.

The VFW is also sponsoring the sale of "Buddy poppies" this weekend, a project which is an annual affair at the Memorial Day season. This year the Golden Jubilee anniversary of the VFW is being celebrated. As in the past, the contribution you make through the purchase of a Buddy Poppy will be spent directly for patriotic purposes. "Remember the men who can't forget."

Cypress Chamber Discusses Ways to Cooperate With County Planners

"Closer cooperation between Cypress and the county planning commission in Santa Ana," was the subject considered at Monday night's session of chamber of commerce members. Material on zoning and planning sent out by the county's body was given to Price Siebert, member of the local committee, for future reference. It was generally agreed that in case a request of a controversial nature was submitted at any time to the county, Cypress should be represented at Santa Ana, both in the planning commission's and the board of supervisors' hearings.

State permits have not been renewed, according to President R. V. Hathcock, for signs at the confines of Cypress, pending new boundaries. The committee, headed by Fred Mackay, will seek new permits now that the lines have been established at Hansen road on the east and Coyote creek on the west.

It was reported that editorial material and pictures would reach the Santa Ana Globe on Tuesday, which was requested for the 60th anniversary edition of that newspaper, stressing Orange county's industry. A committee was appointed to gather the necessary stastistical data to be headed by James Broadbelt. Others appointed to serve were Foster Noe, Forrest Lowrey, and Olive Williams.

Foster Noe also reported to the members that in order to secure lights outside of the lighting district, signatures are required on a petition signed by the property owners in that area, comprising 25% of the assessed valuation. The electric company will provide the petition which is then submitted to the board of supervisors for approval and an election set.

The members voted a sum of $15 to pay dues of one member to the Associated Chambers of Commerce of Orange County, parent to the local group.

A THOUGHT ON MEMORIAL DAY

"As He died to make men holy
Let us die to make men free."
— Battle Hymn of the Republic

Snow-white against the green rolling hills of Arlington the headstones mark the resting places of men of three wars who died to make men free. Not far away, in Alexandria, lies another — marking the Unknown Soldier of the American Revolution. All over America, all over the world, there are others. Some gleam white, some are gray, worn with time.

The park facing the White House memorializes the Frenchman, Lafayette. In the park stands a statue to the Pole, Pulaski; another for the German, Von Steuben.

"Let us die to make men free."

Why are men willing to die for freedom in war but unwilling to pay the smaller price to keep their freedom in peace? Why do they march, gun on shoulder, to battle but fail to march, pen in hand, to the polls? Why do they fight through the flame and steel of the foreigners' guns and bombs but cringe before the anticipated blast of the embattled politician in their home town?

As we honor the Frenchman Lafayette, the Pole Pulaski, the German Von Steuben, do we forget that their countrymen, too, have often died for freedom, and as often seen it snatched from them by enemies from within?

Freedom lost must be again won by the courage of those willing to die. Freedom won must be retained by the courage of those willing to live by the ideals for which the others died. Freedom rests not on guns, money or modern plumbing. Its foundation is no stronger than the hearts of the men who would be free. War end. The battle for freedom never ends.

It is right to pause on Memorial Day to honor our dead and the families who gave them to the cause of freedom. But, my friend, you cannot pay your debt to them with a garland of flowers, a moment of silent prayer, a parade and a firing squad. Look in the mirror into your own eyes. Ask yourself, "What am I doing, today, in my town, to hold safe the freedom they held so dear?"

Let us live to make men free.
As He lived to make men holy

—This editorial is reprinted from the May, 1949 issue of The American Rifleman.

MRS. H. C. LARSEN'S SON GIVEN MILITARY BURIAL IN BELGIUM

The remains of Sgt. John M. Larsen has been given a permanent resting place in the U. S. Military cemetery at Neuville-in-Condzoz, Belgium. The beautiful American flag used in the full military service was received this week by his mother, Mrs. H. C. Larsen, who resides at 5641 Lincoln avenue.

Sergeant Larsen, a turret gunner in the air force, lost his life in a plane crash on the Germany - Denmark border in a raid January 4, 1944.

The Larsen family is well known in Cypress and Buena Park. The family made its home in the latter town for many years, and "Johnnie" attended the schools there. He was employed by "Bill" Mitchell in the garage as a mechanic before entering the service.

NEW GRANDCHILD FOR M. WILLIAMS'

Marjorie Eileen was the name chosen by Mr. and Mrs. Glenn Williams of 8152 Gilbert street, Freeway Park, for their second daughter, who was born Sunday morning in the Santa Ana Community hospital. She weighed eight pounds four ounces at birth. Maternal grandparents are Mr. and Mrs. Glenn Wells of Atwood and Mr. and Mrs. Milam Williams of Cypress are the paternal grandparents. Little Irene is at the home of her grandpa and grandma Wells, eagerly awaiting the return home of her mother and baby sister.

Members of the Junior Women's club and their families enjoyed a pot luck supper at Anaheim City park on Saturday night. While the men played horse shoes and the children skated and made use of the park playground facilities, the women visited.

Important Dates To Keep In Mind

Monday, May 30, is a school holiday. No school.

The eighth grade graduation will be June 16 at eight o'clock in the school auditorium.

School will close for the summer on Thursday, June 16. The county board of education has set September 12 as the opening date for school next fall.

See story on Boy Scout ceremonies Sunday, June 5.

A free entertainment is slated for this Saturday evening at 7:30 in the Cypress school auditorium. Under the auspices of the Cypress Post No. 9847 of the Veterans of Foreign Wars, it will feature a movie and an exciting program by Faulkner, the magician.

CLASSROOM PICTURES

Pictures taken recently of the grades in each classroom are now on sale. They are 25c per picture, and the money may be sent to the teacher with the school child. If parents wish to see a sample of the picture before ordering, they are on display at the school.

Kiddies! A Carnival! At School!

For the children and grown-ups, too. The P-T.A. has arranged for the carnival to be held on the school grounds June third. This is a delightful affair which the local P-T.A. sponsors each year, and which is one of its greatest undertakings to add to the organization's treasury. The four-point dental program alone, which was recently adopted, calls for a heavy expenditure of funds to aid the children.

Know what a "white elephant" is? If you have any articles around your home which you never use, and for which you can think of no good reason for their being kept, send them to school with the children. Then, on June third, the BIG day, visit the White Elephant booth. There will be many booths at the carnival and a program planned for everyone's enjoyment. So, we'll be seeing you June third.

RODEO AT BEACH CITY SUNDAY

The Veterans of Foreign Wars of Orange County are staging their first annual World's Championship Rodeo and Wild West Show at Huntington Beach Stadium, May 29. Top-ranking cowboys from all over the country will participate including the present title holder of World's All-Round Champion Cowboy, Gene Rambo. The grand marshal, screen star Russell Hayden, is bringing a covered wagon parade contigent from Pioneertown, a western movie setting near 29 Palms. The show will include bucking broncos, fierce Brahama bulls, long-horned steers for bull dogging and calves for roping.

Reduce Price Of School Lunches

Due to the fact that the state is able to pay more for its share in the school lunch program, the price for all grades went down to 20c per child on May 23. The same well-balanced meal will be served for the lower price since the state increased by four cents its reimbursement to the school. Milk will remain at the same price. The youngsters in the Cypress elementary school are fortunate in having such a fine hot lunch program.

Mr. and Mrs. James H. Hedgecock and his father were called to Roswell, New Mexico, recently because of a serious injury at work to their brother and son, Jack. The family returned last week with the encouraging report that Jack will recover.

Mrs. Porter, a realtor from Long Beach, had lunch on Monday at the Earl Sartwell home. A piece of property to be used in the interests of the church of the Morman faith was under discussion.

Mrs. Jack Junker and two children, Donnie and Virginia, visited last weekend with the children's grandparents, Mr. and Mrs. Otis P. Holt in Bakersfield leaving Friday evening. The latter had the misfortune to suffer a heart attack just previous to their arrival. His son, John L. Holt, returned the family to Cypress by car late Sunday evening.

The eighth grade class in Centralia school was taken on a field trip one day recently. Following up their studies on oil, coal and water power, the project was given new meaning when viewed first-hand in the harbor district.

A lovely quilt was completed to be sent to a missionary who works among the Navajo Indians when the Senior Missionary society of the Nazarene church met last Thursday.

Mrs. Leona Murdock has moved into a small house on Electric street. She is hopeful of having her two sons with her this summer, one of whom, Billy, must undergo major surgery during the school vacation.

Mothers and their children who will attend Centralia elementary school for the first time next fall were invited to a get-acquainted tea Thursday afternoon. Mrs. Joe Ferguson was chairman of the committee in charge of the affair.

Mrs. Helen Sande continues to improve following major surgery. She is staying in the home of her daughter and son-in-law, Mr. and Mrs. Robert O'Leary at 5541 Vonnie Lane.

The Ross Adams family has had as guests the past few weeks his brother, Staff Sergeant William Adams and family from Roswell, New Mexico. Ross accompanied his brother's family to San Francisco last weekend, where a sister, Mrs. H. M. Jeffcoat, is enjoying a family reunion.

Oh, by the way, Mrs. Blushbottom, have you considered ordering a new water heater?

Even the best of plumbers have days when they should have stayed in bed. But we love our work, anyway — the thrills, the excitement, the paycheck. We all agree that it's worth all the stopped up drains and faulty faucets if — sometime during the day — a customer will confess: Yes . . . Yes . . . I need a new water heater. (Won't you confess today?)

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Cypress School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this Contract. The prevailing hourly wage scale so ascertained is as follows:

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8.)

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond made payable to the order of the Cypress School District in an amount not less than five percent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into such Contract, the proceeds of the check will become the property of the Cypress School District of Orange County.

Each bid must be on a blank form furnished by the Cypress School District.

Copies of the plans and specifications and contract documents may be obtained at the office of said school district, and may be taken out upon the deposit with said District of the sum of $10.00. Said deposit will be returned provided said plans and specifications are returned within ten (10) days after award of contract.

The successful bidder shall be required to furnish, at time of signing agreement, one (1) surety bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, in accordance with Section 4204 of the Government Code, and one (1) surety bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel of Orange County.
